A message from the President

Fall Homecoming signals the beginning of a new academic year and this year we have much to celebrate. A strong, incoming class of first-year students; a new strategic plan entitled “Assumption 2020. Light the Way: Building on Foundations of Excellence,” and new academic programs – criminology and education were added as majors and sport management as a minor.

Come back home to witness the progress on your campus. Visit with current students and gather with former classmates to reminisce about your days on Salisbury Street.
