Assumption College Campus Recreation Monthly Newsletter

February 2019

Monthly Notes

What a quick month! It seems like I was just writing this into for the January Newsletter yesterday! I hope all of you reading this are either participating in something that Campus Recreation is offering or are considering participating in something that is coming up real soon.

We are still accepting registrations for Fitness Classes for a bit longer for those who may have missed the registration period, so it is not too late!

The Rec Day Relay that will happen on Friday Night February 22nd is fast approaching. We are busy finishing the final details with the Red Sox, Wings Over and other vendors to really make this a fun event for all who participate or come out and cheer on your friends. Check out the back page for more information!

Also in this issue you will find the announcement of the upcoming Unified Intramural Sports League that we are planning with Special Olympics Massachusetts for March. If this is a passion of yours please contact us to find out more!

While the first major prizes have been given away in Hound Hustle we still have many more incentives so don't forget to submit your workouts!

I hope to see many new faces around our programs this Spring!

Club Sports Spotlight

Men's Club Volleyball

By Brandon Rose

We are the Men's Club Volleyball team and we have our practices on Tuesdays and Thursdays at 7 pm. The Fall semester is full of practices and the occasional scrimmage with other schools around the area and the Spring semester is our tournament season where we travel to more schools and play in a D2 league. All in all, we get competitive and have fun with the sport along with the other teams in Massachusetts.

Check out the new Plourde Study Space!

Intramural Corner

- Intramural basketball has taken over the Plourde! Sunday through Wednesday nights, the courts host clashes between the best of the best in Women's, Men's Recreational, and Men's Competitive leagues. With a max of 3 club participants, these leagues bring out the best of the whole student population, and even include some staff getting in on the action! (Shout-out to our OSA and Res Life friends!)
- In the heated Men's Competitive league, seven teams are vying for position. After three weeks of games, so far the *Chocolate Thunder* team, captained by David Maljanian, lead the pack with a 4-game win streak. Close behind are the *Underdogs* and the *Sharpshooters* tied for second place, ahead of a highly competitive field of skilled and uniquely-named teams. Drawing crowds along the spectators' track above, be sure to check out this league for an entertaining Sunday or Monday night!
- Meanwhile, over on Court 3, men's Recreational league is also drawing fans with the stacked 8-team bracket. With a range of players from freshmen to seniors, everybody here is gunning for nothing less than that sweet Champion winner's shirt. *Shooters Shoot*, with captain Adi Nathan, is attempting to hold off *Hound Yeah* and *Flint Tropics*, along with a slew of other talented teams close behind. The season could change on a dime folks, so come down to cheer on these rec players on Mondays, Tuesdays, and Wednesdays.
- Our small but intense women's league is made up of four powerhouses: Hound Yeah!, Team Jackie, Big Baller Company, and TOGA on Three. With Big Baller (captain Sarah Miller) and Hound Yeah! (returning captain Caroline Leonard) tied for first, and the other two close behind, this league is anybody's game. Teams are improving every week, so be sure to come out on Tuesdays and Wednesdays and support the league sure to be filled with upsets, friendly competition, and an unforgettable playoff season.
- In February we can't get enough of Basketball, so we will be holding the All-Star games on Sunday Feb 24th! Come see the best of the best- players representing each team compete in games for each league (Men's Competitive and Recreational, and Women's) in mini showdowns sure to bring down the house!
- Coming up, everyone's favorite Co-ed Outdoor Soccer opens next week, with 4 teams already lined up to compete! Additionally, Co-ed Volleyball will open, so be sure to check out IMLeagues.cm for your chance to get a team entered.
