MISSION STATEMENT

The Business Studies Department of Assumption College offers undergraduate programs of study in accounting, international business, management, marketing, and organizational communication and a graduate business program with concentrations in management, marketing, accounting, finance, and international business. These programs are part of the College’s professional studies.

The general mission of the Business Studies Department is to create a challenging learning environment that prepares students for professional employment in the private, public, and nonprofit sectors and/or graduate study. Assumption College has a strong liberal arts tradition, and Business Studies programs augment the liberal arts courses by developing business students who:

• gain fundamental knowledge, concepts, and theory of the disciplines we teach;
• are proficient in technical and professional skills related to the disciplines we teach;
• understand and can perform in a professional environment that is multi-cultural and global;
• possess the knowledge and ability to understand ethical reasoning and act in a socially responsible manner;
• can exercise critical thinking and creative problem solving skills and know how to make decisions;
• are able to communicate effectively;
• are able to relate well to others and to perform well as an individual or as part of a team.

MAJOR IN INTERNATIONAL BUSINESS (18)

The International Business major is designed to provide students with a particularly wide variety of learning experiences designed to prepare them to function successfully in global environments. International Business students need to understand the history, language, and practices of other cultures. Along with a strong foundation of business courses, this major draws upon the strengths of related liberal arts disciplines such as foreign language, literature, history, geography, philosophy, political science, and theology. Upon graduation, students are prepared to enter a global organization in the functional areas of marketing, management and manufacturing or to seek government employment with agencies such as the Foreign Service, Department of Commerce, and the many other agencies that have international involvement, or to enter a corporate management training program, or to proceed to graduate studies.

SIX-IN-FIVE ACCELERATED M.B.A. PROGRAM
The Department of Business Studies offers two Accelerated M.B.A. tracks that allow students to earn a B.A. and M.B.A. degree in five years instead of the six years these two degrees customarily require. Undergraduate students that are on-track to complete the core requirements in addition to the required courses for their major may take up to two M.B.A. courses in their senior year. Graduate coursework during the senior year counts toward the undergraduate degree, as well as the graduate degree, so students in this program will graduate with their Bachelor’s Degree on schedule. Then, upon completion of one additional year of graduate study (the fifth year), students will be awarded a Master of Business Administration Degree. Admission to the Six-in-Five Accelerated M.B.A. Program requires a strong undergraduate record of academic success. Students who have earned a GPA of 3.2 or above follow a “fast-track” application process.

ACCELERATED M.B.A. – ACCOUNTING TRACK
The Accelerated M.B.A. Accounting Track is offered to students who hold an undergraduate degree in Accounting. This program is specifically designed to provide recent graduates the academic and practical experience needed to sit for the CPA exam and pursue careers in public accounting. Students interested in the Six-in-Five Accelerated M.B.A. Accounting Track should consult with Accelerated M.B.A. Accounting Track Coordinator, Prof. Jennifer Niece, early in their junior year to plan their course of study and job search activities.

ACCELERATED M.B.A. – MANAGEMENT TRACK
The Accelerated M.B.A. Management Track is open to all undergraduate students regardless of their declared major. Today's businesses and today's world need citizens who can think with insight, communicate clearly, and exercise good judgment both in and out of the workplace. This program is designed to provide students with the best of a Catholic liberal arts education and advanced professional training in business. Graduates of this program will receive highly relevant professional training and be poised to launch successful careers in a variety of fields. Students interested in the Six-in-Five Accelerated M.B.A. Management Track program should seek advising from the Director of M.B.A. Programs, Prof. Robin Frkal, early in their junior year in order to plan their course of study.

A NOTE ON PRE-LAW: The American Bar Association confirms that majors and minors across the curriculum combined with a strong liberal education provide excellent preparation for law school. Assumption’s Pre-Law Program provides personalized advising, co-curricular activities, and development opportunities for all students considering law school. See the “Pre-Law” section under “Pre-Professional Programs of Study.” Above all, students considering law school should choose a major that interests them, pursue academic excellence in that field, and contact the pre-law advising coordinator Prof. Carl Keyes, Department of History, ckeyes@assumption.edu or 508 767-7324.
