**SIX-IN-FIVE ACCELERATED M.B.A. PROGRAM**

The Department of Business Studies offers two Accelerated M.B.A. tracks that allow students to earn a B.A. and M.B.A. degree in five years instead of the six years these two degrees customarily require. Undergraduate students that are on-track to complete the core requirements in addition to the required courses for their major may take up to two M.B.A. courses in their senior year. Graduate coursework during the senior year counts toward the undergraduate degree, as well as the graduate degree, so students in this program will graduate with their Bachelor’s Degree on schedule. Then, upon completion of one additional year of graduate study (the fifth year), students will be awarded a Master of Business Administration Degree. Admission to the Six-in-Five Accelerated M.B.A. Program requires a strong undergraduate record of academic success. Students who have earned a GPA of 3.2 or above follow a “fast-track” application process.
