

## 2021-2022 SPECIAL CIRCUMSTANCE FORM

Student Name: \_\_\_\_\_ Student AU ID#: \_\_\_\_\_

### PLEASE READ BELOW BEFORE SUBMITTING THIS FORM.

According to federal laws and regulations, a family’s 2019 income is used to assess financial need for the 2021-2022 academic year. We appreciate that the Free Application for Student Aid (FAFSA) may not present an accurate picture of your unique financial situation and resources available. If a family’s 2020 or 2021 income is significantly lower due to special circumstances, a financial aid administrator may be able to use the 2020 or 2021 income to assess financial need.

This Special Circumstance Form allows you to supplement your FAFSA information or document any financial circumstances that have changed or arisen since your 2021-2022 FAFSA was filed. The Assumption University Financial Aid Appeals Committee will reevaluate your eligibility for additional federal, state or institutional aid in the context of the information you provide. Our financial aid staff may require further documentation and will work with your family to make sure you are receiving the fullest consideration for aid eligibility while adhering to federal, state, and institutional policies and guidelines.

Please check which Special Circumstance(s) apply to you (listed on the next page). *Any documentation listed as required but not submitted will cause a delay in reviewing your request.* Forms in **bold font** below can be found on the Office of Financial Aid website [www.assumption.edu/FAforms](http://www.assumption.edu/FAforms).

Please keep in mind:

- The student/parent must complete the FAFSA and be admitted to the University and have received their official financial aid offer from the Office of Financial Aid before a review can take place.
- Filing this form does not guarantee an adjustment to your financial aid offer.
- Students who do not utilize their full Federal Direct Loan funds in prior years will not be considered for additional institutional funding; they will only be considered for additional Federal and State financial aid.
- The re-evaluation of your financial aid offer could result in a reduction of your financial aid funding.
- If your FAFSA was selected for [federal verification](#), you must complete that process before your appeal is reviewed.
- Decisions of the Appeals Committee are final. Further appeals will be reviewed when newer information or circumstances arise.

Special Circumstances do not include the following:

- Student or parent(s) who does not wish to borrow to cover educational expenses
- Parent(s) refusal to contribute to educational expenses
- Parent(s) payment of student loans for older sibling
- Expenses such as credit card debt, wedding expenses, sports, enrichment activities, etc.

I understand that if I do not provide ALL the required documentation and proof of the information on this form to the Office of Financial Aid, the student CANNOT be evaluated for Special Circumstances.
