2022-2023 SPECIAL CIRCUMSTANCES APPEAL FORM

Student Name: _____ Student AU ID#: _____

PLEASE READ BELOW BEFORE SUBMITTING THIS FORM.

According to federal laws and regulations, a family's 2020 income is used to assess financial need for the 2022-2023 academic year. We appreciate that the Free Application for Student Aid (FAFSA) may not present an accurate picture of your unique financial situation and resources available. If a family's 2021 or 2022 income is significantly lower due to special circumstances, a financial aid administrator may be able to use the 2021 or 2021 income to assess financial need.

This Special Circumstances Appeal Form allows you to supplement your FAFSA information or document any financial circumstances that have changed or arisen since your 2022-2023 FAFSA was filed. The Assumption University Financial Aid Appeals Committee will reevaluate your eligibility for additional federal, state or institutional aid in the context of the information you provide. Our financial aid staff may require further documentation and will work with your family to make sure you are receiving the fullest consideration for aid eligibility while adhering to federal, state, and institutional policies and guidelines.

Please check which Special Circumstance(s) apply to you (listed on the next page). *Any documentation listed as required but not submitted will cause a delay in reviewing your request.* Forms in **bold font** below can be found on the Office of Financial Aid website www.assumption.edu/FAforms.

Please keep in mind:

- The student/parent must complete the FAFSA and be admitted to the University before the Financial Aid Appeals Committee can review this appeal.
- Filing this form does not guarantee an adjustment to your financial aid offer.
- If your FAFSA was selected for [federal verification](#), you must complete that process before your appeal is reviewed.
- Decisions of the Appeals Committee are final. Further appeals will be reviewed when newer information or circumstances arise.

Special Circumstances do not include the following:

- Student or parent(s) who does not wish to borrow to cover educational expenses
- Parent(s) refusal to contribute to educational expenses
- Parent(s) payment of student loans for older sibling
- Expenses such as credit card debt, wedding expenses, sports, enrichment activities, etc.

CERTIFICATION: I certify that the information provided on this form is true and complete to the best of my knowledge. I understand that if I do not provide ALL the required documentation and proof of the information on this form to the Office of Financial Aid, the student CANNOT be evaluated for Special Circumstances. Due to the number of submissions we receive, we are unable to follow up on incomplete files.
