

2022-2023 Unemployment Form Job Loss or Reduction in Wages during 2021

According to federal laws and regulations, a family's 2020 income is used to assess financial need for the 2022-23 academic year. We appreciate that the Free Application for Student Aid (FAFSA) may not present an accurate picture of your unique financial situation and resources available. If a family's 2021 or 2022 income is significantly lower due to special circumstances, a financial aid administrator may be able to use the 2021 or 2022 income to assess financial need and if warranted award additional federal and/or state financial funding.
