DIANA DESTEFANO '15  •  HSRS MAJOR
INTERNSHIP: New England Center for Children
POST-GRAD PLANS: New England Center for Children

“I learned an endless number of skills through my internship, including problem-solving and critical-thinking, as well as another very important trait: patience. Assumption laid the groundwork for me to be well prepared and confident. And it paid off, as I was offered a full-time position with the organization.”
