

Clear Your Cache On Firefox On A Mac

1. In the Firefox menu bar, select the History tab in the Menu Bar.

2. Click the clear your recent history link.

3. Select the Cache checkbox. Click on where it says “Last Hour” and change it to “Everything”
You can select multiple checkboxes for other browser information to clear as well, *anything marked with red arrows is optional*.

4. Click the Clear Now button.
